

Annual Southeastern Vermont River Cleanup

**Get your feet wet, your hands dirty
& make our rivers cleaner!**

SATURDAY

September 26, 2015

9a.m. to noon

All are welcome.

Join thousands of individuals, clubs, scout troops, students, towns and businesses to clean up the tributaries to the Connecticut River. The Source to Sea Cleanup is a coordinated effort in four states for cleaner rivers and this year joins Vermont's Clean Water month.

Our waters need your help!

Your local cleanup group is organized by
Southeastern Vermont Watershed Alliance (SeVWA).

SeVWA is a local non-profit organization that is focused on monitoring and advocating for the water quality of the southeastern Vermont's rivers. The group is led by volunteers that are passionate about our local waterways. Our goal is to keep these water sources clean for all individuals.
